

CATTLE FEEDING RECOMMENDATIONS

CALF & CALF+

For weaning at 8 weeks of age or at 90 to 100kg live weight. Calves should be weaned on reasonable pasture and fed up to 2kg per day for the first 2 weeks and then gradually weaned off the meal as their pasture intake increases.

CALF PRO PLUS

Introduce meal from 4 days old. By three weeks old a 50kg calf will require 5ltrs of milk and 1kg of meal. Calves will be weaned off milk at approx. 5 weeks providing they are eating 2kg of meal per day and consuming plenty of roughage. The higher protein meal is ideal for this.

STUD BULL EXTRA

Introduce after weaning. For maintenance, feed 1/2 to 1 1/2 kg to animals up to 400kg and 2-3 kg per day to animals over 400kg

DAIRYMEAL

Up to 2kg per day plus roughage.

PIG MEAL FEEDING RECOMMENDATIONS

CREEP

From 4 days to 6 weeks ad lib. By 6 weeks 1kg per day.

WEANER

From 6 to 12 weeks at approx. 1kg per day each.

PORKER

From 12 weeks onwards. 1.5 to 2kg per day

SOW

2kg /day for lactating sow +1kg per 3suckling piglets

BARLEY/MAIZE PIG supplement only
